History at a Glance

The business started out as a simple small business in 1950's. Abdul Rasheed initiated his carpentry business, Rasheed Carpentry at his residence, M. Seenukarankaage. Back then, the business was all about crafting and building styled furniture, while working on a few other smaller areas like crafting doors and working on domestic roofing projects.

Mr. Ibrahim Rasheed joined the business in the late 1970s and the two brothers, Abdul Rasheed and Ibrahim Rasheed, with their visionary instincts of the demand for construction services in the Maldives, took the strategic decision to expand the services offered by the business. In 1980, Rasheed Carpentry was registered as a local investment and in 1995 the local investment was registered as Rasheed Carpentry Pvt. Ltd. During the years that followed, Rasheed Carpentry Pvt. Ltd undertook construction and related works and quite soon, this area of business turned out to be the core of the business, especially in terms of generating revenue.

In order to reflect this strength in the business name, the name of the business was changed to Rasheed Carpentry and Construction Pvt Ltd (RCC) in 2004 and the business established their corporate office at M. Maakuri. Abdul Rasheed and Ibrahim Rasheed, founder members of RCC Pvt Ltd, laid a strong foundation for a diversified general constructing firm, distinguished by years of hands-on building experience. Since its founding, RCC Pvt Ltd has experienced and sustained a steady growth, reaching a turnover of Rufiyaa 80 million by the end of 2010 compared to Rufiyaa 3 million in 2005. The increase was also reflected in the staff numbers which moved from 60 to 341 in the five years. The company currently has over 600 staff.

RCC Pvt Ltd, with its proven track record of dedication to excellence, supports projects from large, complex in nature to renovations, with outstanding quality and commitment. This is one the key strengths that has been raising the company and its reputation as one of most competitive building contractors with due recognition and respect among the industry leaders. Our construction service is based on "hands-on" project management. Our strength is the ability to schedule concurrent short and long-term construction activities, and effectively managing such projects for timely completion. We consistently meet and beat our customers' construction deadlines. And the best thing is that none our beloved customers will ever have to compromise quality for the speed that they get. They will definitely get both.

ABOUT US

Our growing reputation for excellence, confidence, resourcefulness and responsiveness is the natural consequence of the values that have guided our company since its very inception. These include;

An energetic enthusiasm for what we do.

Sensitivity to the needs of our customers.

A willingness to accept total responsibility.

Craftsman like pride in knowing that what we build will last for generations.

Over the years, we have developed multifaceted systems and procedures to ensure control over cost, quality, schedule, scope, and safety. We consider each member of the Project Team to be essential to the success of a project. We foster an atmosphere of mutual trust and cooperation among the team members by remaining sensitive to their specific needs throughout the project life cycle. We also have a company-wide policy encouraging quality services at a competitive price, ensuring the highest degree of professional service and results on all projects undertaken. We believe this is why knowledgeable businesses, organizations and architects in the Maldives place their confidence and their trust in Rasheed Carpentry and Construction Pvt. Ltd.

Our Vision

To strengthen the company's reputation for reliability among the construction industry in the Maldives and in this region, whilst remaining the company of choice in construction.

Our Mission

To be the most trusted, reliable, and high quality service provider of the Construction Industry.

CORPORATE VALUES

Building on a family heritage that spans more than 40 years, we will continue to be privately owned by active management and guided by firmly held values. We plan and act for the future – for the long-term good of our world, our customers, and our company. This is by being the most quality, trusted and reliable partner in Construction and Real Estate Industry.

Uncompromising integrity, honesty, and fairness is at the heart of our company.

We set high standards. We apply advanced technology, and we constantly innovate and improve. We thrive on challenge and accomplishment.

We earn a return that fairly rewards the value we deliver.

We work by our RCC Covenants, which encourage openness, teamwork and trust. We value an inclusive culture based on diverse backgrounds, experience, and views.

Zero accident is our unwavering goal as people's lives depend on it

We plan and act for the future, for the long-term good of our company, our customers, and our world.

STRATEGIC ALLIANCE

Maldives, being a country that is not very rich on natural manufacturing resources, mainly depends on importing products from other countries. As envisaged in our mission, we view our business relationship with our business associates as a strategic partnership in which we coordinate and combine our efforts, contribution and commitment to produce top results for mutual interests and benefits.

In this regard, we have accredited business relationships and understandings with all the brands which we have at RCC Buildware with the aim of providing building solutions to our customers.

Mr. Mohamed Nazim

Chairman

A Disaster Management Specialist and a National Security expert, Mr. Nazim is a former Colonel of the army, a former Minister and the current member of Parliament for Maafannu Uthuru Constituency.

Mr. Nazim has a lifelong connection with the family business, ever since his father the late Mr. Abdul Rasheed started the business in the 60s.

Mr. Ibrahim Rasheed

Managing Director

With over a half a century of experience, Mr. Ibrahim Rasheed is one of the leading veterans of the construction industry of The Maldives. As the co-founder of RCC, Mr. Rasheed is currently the Managing Director of RCC and manages the operations of the business, while remaining involved at the different levels of management, from project start to completion, on each and every project the company undertakes.

DIRECTORS / SHAREHOLDERS

With a background in Accounting and Finance, Ms. Niuma is an experienced entrepreneur, who is involved in a wide variety of business ventures.

Ms. Fathimath Wasaamath

Director

Ms. Wasaamath has a strong background in business administration , bringing extensive expertise to her role. She has successfully contributed to a range of projects, utilizing her skills, making her a valued leader in her organization.

OUR BUSINESS AREAS

RCC Carpentry

Carpentry is the first area of business RCC entered. Back then, the business was all about crafting and building styled furniture, while working on a few other smaller areas like crafting doors and working on domestic roofing projects.

RCC Construction

RCC has always been a visionary organization. Its forecast for the construction industry in the Maldives is the reason why the management decided to diversify the business from carpentry to construction.

RCC Supermix

Our ready-mix concrete plant seeks to eliminate the many problems associated with construction projects in the heavily populated Male' City.

RCC Buildware

RCC has been importing varieties of materials from abroad for all its projects in order to benefit from the lower costs. Whilst doing so, the management decided to provide this benefit to the community as well, by opening up a buildware outlet and providing buildware materials at lower prices to the public.

RCC Apartments

RCC is one of the biggest real estate developers in Maldives, RCC Apartments being very high in demand.

RCC Aluminum & Glass

RCC decided to open a aluminium and glassshop to compliment RCC Construction and to expand its core business.

RCC Elevators

RCC is the official partner in Maldives for Kleemann, one of the most reputable lift companies in the European and global market, producing all types of residential or commercial passenger and freight lifts.

RCC Rentals

RCC rental division was set up to offer a wide range of machineries, equipment and vehicles for hire to cater for manners of home improvement needs. Our well-stocked inventory has everything necessary to get the job done right no matter what size project you decide to take on

RCC Maintenance Service

RCC Maintenance and Home Cleaning Services provides top of quality services in making sure that your property maintains its value over the years and is free from depreciation caused by usage and ageing.

RCC CARPENTRY

Carpentry is the first area of business RCC entered. Back then, the business was all about crafting and building styled furniture, while working on a few other smaller areas like crafting doors and working on domestic roofing projects.

Today RCC Carpentry is one of the most famous carpentry workshops in the country. Being in the market for over 40 years we have adopted a bold approach to meet the carpentry needs of our clients. With our skills and expertise in woodwork and joinery we can offer specialist advice to our clients who range from home renovators to small developers or builders, retail shop owners all the way through to high-end commercial developers. We have the experience to consider all aspects of a project to ensure the finished product is completed within the right time and in-line with our clients' budgets.

We are confident in our quality and are determined that every job be completed to the utmost satisfaction of our own high standards and those of our clients.

RCC CONSTRUCTION

RCC has always been a visionary organisation. Its forecast for the construction industry in the Maldives is the reason why the management decided to diversify the business from carpentry to construction. Ever since RCC moved into the construction industry, we have always had enough projects to keep us on the go and to eventually bring us to where we are today. From residential to industrial construction, we have it all.

Our prime focus is to deliver quality on time. This is the foundation that our business has always been building upon and through which our company success has been achieved all these years.

RCC SUPERMIX

Our ready-mix concrete plant seeks to eliminate the many problems associated with construction projects in the heavily populated Male' City. RCC Supermix provides high-quality ready-mix concrete to building sites in the Male' region. We seek to bring an end to road blockages, noise and air pollution, and environmental damage, associated with the conventional method of mixing concrete on site. Our team is committed to providing a reliable service at a timely manner, allowing for smooth operation of construction works in the Male' region.

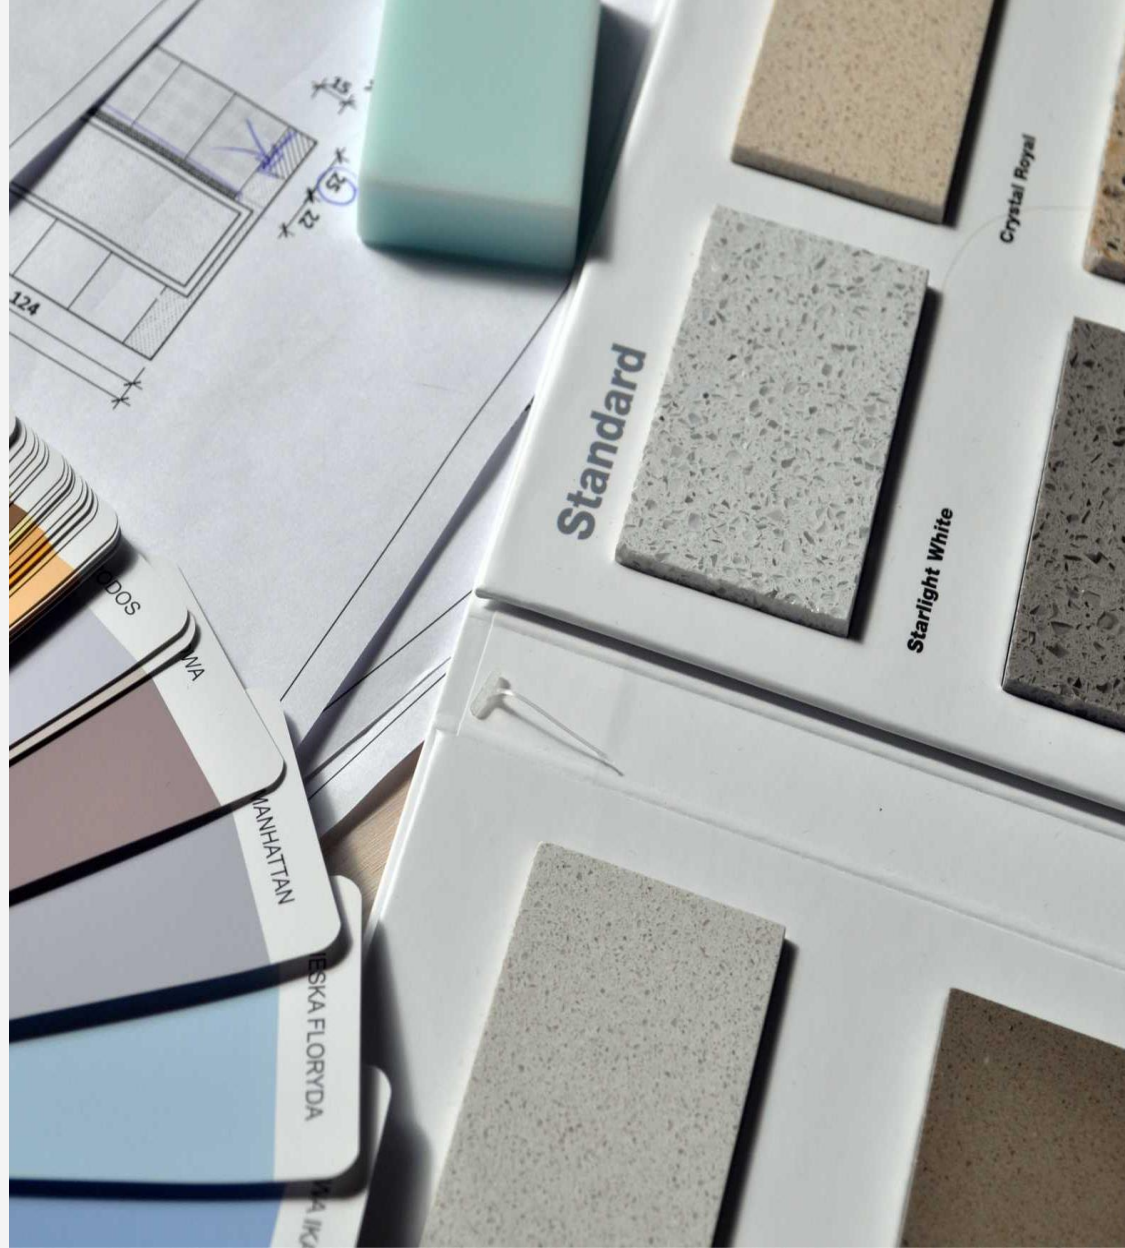

RCC BUILDWARE

With the start of construction business, RCC has been importing a variety of materials from abroad for all its projects in order to benefit from the lower costs. Whilst doing so, the management decided to provide this benefit to the community as well, by opening up a buildware outlet and providing buildware materials at lower prices to the public.

With the start of the outlet, the increase in demand for the materials led the business to concentrate on the outlet as a separate strategic business unit and to allocate resources to the outlet as well. Over the years, RCC buildware has been growing steadily and has been creating a positive image in the industry.

The outlet offers a wide product range and each product provides significant value to customers. Our focus on buildware products is to provide products added benefits for customers, such as quality, warranty, durability etc.

RCC APARTMENTS

Real estate has always been one of the strengths of the business since it moved into the construction industry. Over the years, RCC has committed to and completed a number of key projects in the Maldives. RCC has taken on a number of residential plots in Male' on a long-term basis, and constructed residential apartments on these plots. RCC currently has over 10 buildings in Male' with rental apartments. Most of the buildings have 1-3 room apartments. One of the key concepts of RCC is maintaining quality. We have always ensured that the best quality is achieved in all projects. In order to ensure durability of all finished projects, we also ensure regular maintenance of all buildings.

All rental apartments are currently located in Male'.

RCC ALUMINIUM

With the increase in number of buildings in Male', the capital of Maldives, there has been a significant increase in demand for aluminum doors and fabrication. The increase in number of businesses trying to cater to this segment justifies the need in the market for this service.

With this need in mind, RCC, stepped-up to cater to this need for their own projects. One of the main focuses was to maintain a consistent quality for all projects in terms of the aluminum fabrication that would be used.

RCC MAINTENANCE SERVICES

RCC Maintenance and Home Cleaning Services provides top of quality services in making sure that your property maintains its value over the years and is free from depreciation caused by usage and ageing. Our services range from such scheduled property cleaning and maintenance and surveying to emergency management service. Our highly trained staff are ready to be dispatched whenever you require our service.

RCC ELEVATORS

RCC is the official partner in Maldives for Kleemann, one of the most reputable lift companies in the European and global market, producing all types of residential or commercial passenger and freight lifts. With an excellent team of experienced engineers who engage in installation and maintenance of elevators, we are dedicated to providing superior customer service with an emphasis on personal customer relationships. Our strength is our employees' dedication to teamwork, commitment to excellence, and focus on continuous improvement.

RCC RENTALS

Our rental department is here to help with all of your home improvement needs. Our well-stocked inventory has everything necessary to get the job done right no matter what size project you decide to take on. We offer tools, equipment and Heavy vehicle rentals, such as Crane, Forklift, Excavator, Transit Mixer, from our wide selection of trusted professional-quality top brands.
